인증 가드

[KB] IT's Your Life

☑ 로그인하지 않은 상태에서 글쓰기를 누른 경우

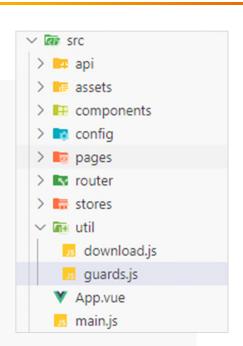

ㅇ 라우팅 가드 처리

util/guards.js

```
import { useAuthStore } from '@/stores/auth';

export const isAuthenticated = (to, from) => {
  const auth = useAuthStore();

if (!auth.isLogin) {
  console.log('로그인 필요.....');
  return { name: 'login', query: { next: to.name } };
  }
  console.log('로그인 인증');
};
```

router/board.js

```
import { isAuthenticated } from '@/util/guards';
export default [
   path: '/board/create',
   name: 'board/create',
   component: () => import('../pages/board/BoardCreatePage.vue'),
   beforeEnter: isAuthenticated,
   path: '/board/update/:no',
   name: 'board/update',
   component: () => import('../pages/board/BoardUpdatePage.vue'),
   beforeEnter: isAuthenticated,
```

pages/auth/LoginPage.vue

```
<script setup>
import { computed, reactive, ref } from 'vue';
import { useAuthStore } from '@/stores/auth';
import { useRoute, useRouter } from 'vue-router';
const cr = useRoute();
const router = useRouter();
const auth = useAuthStore();
const login = async () => {
 try {
   await auth.login(member);
   if (cr.query.next) { // 로그인 후 이동할 페이지가 있는 경우
    router.push({ name: cr.query.next });
  } else { // 일반 로그인
    router.push('/');
 } catch (e) {
   error.value = e.response.data;
</script>
```
